

New Electric Vehicle Outlets Installed

A total of 65 electric outlets are available in existing parking spaces - 24 in Lot A south and 41 on the top level of the Eastside Parking Structure.

Electric vehicles may plug-in on a first-come, first-served basis at no cost and without a time limit. Please note: you must supply your own electric cable.

These spaces are not reserved for electric vehicles, as they are available to all faculty/staff, students, and visitors displaying a valid CSUF Parking Permit.

More information on electric vehicle charging can be found on the Electric Vehicle Permit page.
