- Email this form to cservices@fullerton.edu.

By submitting this form I agree to the terms below, and I understand that falsification of any information or failure to comply with the following rules may result in a citation, student discipline from Judicial Affairs, and/or permanent dismissal from the carpool program.

- During fall & spring semesters Monday through Thursday from 7am - 10am, Lot D is reserved for carpools only, and only carpools arriving during those days and hours may park all day with no time restrictions. Carpools arriving after 10 am are subject to 3-hour time restriction in Lot D.
- Carpool permit must be displayed with semester permit, and two (2) or more students must arrive and exit the vehicle when parking as a carpool in any Lot D 3-Hour space in order to avoid a citation. Drivers who park alone in Lot D between 7 am – 10 am may be ticketed.
- All carpoolers must live at least one (1) mile away from campus and commute to campus along the same route (carpooling at least 50% of the commute).
- Parking & Transportation Services will only issue one supplemental carpool permit to each carpool group.
- At least one participant from the carpool must own a paid semester parking permit.
- Carpool permits are issued on a semester basis. Please be aware of your carpool permit expiration date to avoid a citation.
- Carpool permit will be mailed to primary semester permit holder.
